The **BodyRejuvenation Program** is a unique blend of proven specialty formulas, chosen for their cleansing and revitalizing qualities. These four essential products effectively remove toxins through an internal body cleansing. This allows your body to begin concentrating its energy towards healing and achieving good health.

The Importance of Body Rejuvenation

Vitamins, exercise, and diet can help rid the body of toxins, but they do not stop the buildup of putrefying toxic matter in the colon. A toxin-laden colon contributes to a polluted body environment, leaving the body more susceptible to diseases. This affects the liver, kidneys, spleen, lungs, skin, reproductive organs, and the entire lymphatic system.

We absorb toxic substances from air and water pollution as well as from many of our daily foods.

Maintain a Healthy Colon

Many North American adults have some degree of diverticulosis, which is the existence of herniated pouches of the internal lining of the colon. These pouches (diverticuli) can more easily become infected and lead to diverticulitis in an environment with stagnant fecal residue. A diet rich in nonsoluble fiber (roughage) and an annual Body Rejuvenation Program treatment by New Roots Herbal may improve the health of your intestines. Nutrient absorption and vitamin synthesis will also be more efficient in a healthy intestinal environment.

With better nutrient absorption and vitamin synthesis, you will maximize the nutritional value and energy of your food and natural supplements.

The **Body**Rejuvenation Program contains:

Prolax

Prolax contains herbs that are known to aid in eliminating constipation. It is prepared in a special 100% natural base of homeopathic nutrients.

FiberUltra Rich – Plantago + F.O.S.

This enriched psyllium fiber powder formula gently removes toxins and waste from your entire gastrointestinal tract. The cleansing properties of **FiberUltra** are due to the swelling of psyllium husks when they come in contact with the digestive tract. This fiber absorbs old, undigested matter that is attached to the intestinal walls.

Springlife

Springlife is a very effective, 100% herbal formula designed to dissolve the hardened, dry toxic waste impacted upon your intestinal wall structure, eliminating trapped substances. It also promotes a thinning of the lymph fluids. **Springlife** contains chickweed, Irish moss, cloves, plantain, rosemary, bayberry bark, and corn silk extract.

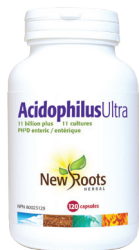

Pancreatin

This powerful digestive enzyme is unsurpassed when it comes to attacking and dissolving hard putrefactive materials impacted upon your colon. It helps the digestive system break down these materials for ease of elimination.

*We highly recommend taking New Roots Herbal's **AcidophilusUltra** when following the **BODY REJUVENATION PROGRAM** (sold separately, in your health food store's refrigerated section).*

Taking any extra supplemental fibre may leave your colon exposed to a *Candida* yeast infection. Always take **AcidophilusUltra** when taking extra supplemental fiber, as it will help protect you from getting a *Candida* infection... and more!

AcidophilusUltra

AcidophilusUltra contains 11 special complementary probiotic cultures working together. Each has a distinct beneficial activity at different sites along your intestines. **AcidophilusUltra** cleans, protects, aids in protein digestion, stimulates the immune system, and completely replenishes your gastrointestinal system.

Probiotics (the beneficial healthy microorganisms in your system) are destroyed by antibiotics, oral contraceptives, chlorinated water, smoking, alcohol, poor diet, and stress. These probiotics are essential for maintaining bulky, well-lubricated stools, which your body eliminates quickly and easily; reducing flatulence (gas) and bloating; improving digestion; and greatly improving your blood quality.

Stomach acids can destroy up to 99% of probiotics before they reach your small intestine when taken on an empty stomach, and between 30–80% when taken with food. Our unique PH⁵D enteric coating protects the capsules completely from stomach acids to ensure all 11 billion beneficial cells reach your intestines alive. On an empty stomach or with meals, you get 100% of the benefits you paid for.

AcidophilusUltra is an important part of the program. It is not included in the kit. It is available in your health food store's refrigerated section.

Additional Notes

- Drink plenty of liquids during this program.
- It is normal to experience a feeling of “fullness” for the first 10 days. This will stop as your body adapts to the program.

The Body Rejuvenation Program

Suggested use: (Take before morning and evening meals)

WEEK 1:

Take each morning & each evening

DAYS 1–3

- 2 **AcidophilusUltra**
- 3 **Prolax**

DAYS 4–7

- 2 **AcidophilusUltra**
- 3 **Prolax**
- 1 level teaspoon of **FiberUltra** mixed with 8 oz. of water or juice. Drink immediately. **Follow with an additional 8 oz. of water to avoid constipation.**
- If constipation occurs, take an additional 3 **Prolax** (9 total per day) and discontinue **FiberUltra** until blockage is cleared. Continue program afterwards.

WEEK 2:

Take each morning & each evening

- 2 **AcidophilusUltra**
- 1 **Springlife**
- 2 **Prolax**
- 2 level teaspoons of **FiberUltra** mixed with 8 oz. of water or juice. Drink immediately. **Follow with an additional 8 oz. of water to avoid constipation.**
- If constipation occurs, take an additional 5 **Prolax** (9 total per day) and discontinue **FiberUltra** until blockage is cleared. Continue program afterwards.

WEEK 3–4:

Take each morning & each evening

- 2 **AcidophilusUltra**
- 2 **Springlife**
- 4 **Pancreatin**
- 2 level teaspoons of **FiberUltra** in 8 oz. of water or juice. Drink immediately. **Follow with an additional 8 oz. of water to avoid constipation.**
- If constipation occurs, take up to 9 **Prolax** during the day and discontinue **FiberUltra** until blockage is cleared. Continue program afterwards.

After the program,
we suggest:

DAILY RENEWAL:

- Take once in the morning 1 level teaspoon of **FiberUltra** in 8 oz. of water or juice. Drink immediately. **Follow with an additional 8 oz. of water to avoid constipation.**
- Take once in the evening 2 **AcidophilusUltra**
- If constipation occurs during DAILY RENEWAL, take 3 **Prolax** twice a day and discontinue **FiberUltra** until blockage is cleared. Then restart DAILY RENEWAL.

You are choosing a clean, fresh,
healthy, happier start to your life!
