PurgeParasitis

Put an end
to parasite problems

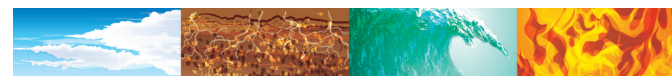

- A natural way to eliminate parasites.

Tested in our
ISO 17025
Accredited Laboratory

newrootsherbal.com

The risk of parasites.

People with a weak immune system are particularly vulnerable to parasites. The risk of having parasites can be increased through foreign travel, day-care centers, contaminated water, pets, exotic food, under-cooked meat and fish, as well as improperly washed meats, fruits, vegetables and grain, overuse of antibiotics and immunosuppressive drugs, non-protected sex, and contact with toxins and chemical pollutants.

Parasite warning signs include constipation, diarrhea, gas and bloating, skin problems, allergies, insomnia, sore joints and muscles, chronic fatigue and immune system problems.

PurgeParasitis for safe parasite elimination:

Our 12 traditional anti-parasitic herbs, including garlic, cloves, grapefruit seed extract and wormwood, to name a few, are powerful and can rid you of most or all of the different parasites you may have. These herbs also have no side effects and don't interact with drugs.

12 great reasons to try PURGE PARASITIS:

Say No to Drugs

The problem with synthetic drugs is that each drug kills only one or two types of parasites and has side effects. If you are infected with numerous types of parasites, it's not possible to treat all of them, because of the harm caused by taking so many different drugs at the same time.

Get With the Program

How long should you follow a herbal antiparasite program? Most people see positive results with one or two 35-day programs. A good preventive measure is to undertake a 35-day **PurgeParasitis** program once per year.

If you regularly take trips out of the country or are planning a vacation, protect yourself by taking one capsule of **PurgeParasitis** before each meal with one capsule of **AcidophilusUltra**.

The PurgeParasitis Formula:

Black Walnut Hull and Leaf

Cleanse the body of tapeworms and parasites.

Wormwood

Promotes bowel movement, reduces liver congestion, relieves headaches, stimulates immunity, inhibits poison and clears toxins. It also expels parasites and benefits the skin.

Garlic

A natural antibiotic, garlic protects from infection, detoxifies the body, strengthens blood vessels, and lowers blood pressure. Garlic is good for all diseases, infections, fungi and bacteria.

Oregano 30% Carvacrol

Carvacrol-rich oregano exerts antibacterial, antifungal, and antiparasitic action to broaden the therapeutic potential of **PurgeParasitis**.

Clove

Good for nausea and vomiting due to food poisoning, infections, fever, or migraines. Cloves are antiseptic, anodyne (soothe and comfort), antispasmodic, and carminative (expel gas to relieve colic and griping). They also act as a stimulant, and kill parasites.

Oregon-Grape Root

Reduces liver congestion, infection and inflammation.

Ginger

It is a spicy herb used for colitis, diverticulosis, gas, indigestion, nausea, and menstrual cramps. It cleanses the colon, stimulates circulation, and reduces spasms and cramps.

Goldenseal Root

A bitter, cure-all type of herb that strengthens the immune system, acts as an antibiotic, has antibacterial properties, and cleanses the body. It promotes the functioning capacity of the liver, the spleen, the pancreas, and the colon.

Aloe Vera

This herb promotes bowel movement, stimulates digestion and relieves fullness. It also clears parasites, promotes tissue repair and reduces inflammation.

Quassia

This herb is known for its ability to expel worms.

Sage

Removes congestion, reduces infection and fever, and enhances immunity.

Grapefruit Seed Extract

The botanical extract in this product is used by health care practitioners nationwide to offer additional support to individuals being treated for systemic infections and intestinal parasites. It has been proven effective against 30 harmful microorganisms including *Candida albicans*, *Aspergillus parasiticus*, and *Salmonella choleraesuis*. It contains extracts from the seeds of grapefruits, lemons and tangerines.

Directions of Use

Adults: Take 3 capsules three times daily with food or as directed by your health-care practitioner. Take for 15 days. Stop for 5 days. Repeat for 15 days. If you are taking supplements containing iron, zinc, calcium, or copper, take this product a few hours before or after them.

After 15 Days

- Stop taking **PurgeParasitis** for five days
- Important: Continue taking **AcidophilusUltra** and **FiberUltra RICH PLANTAGO or PSYLLIUM**
- Restart for another fifteen (15) days, until finished.

Fiber Ultra Rich – Plantago or Psyllium

This powder should be taken once or twice daily for 35 days. This formula provides high-fiber bulk (from a special psyllium compound) for cleansing and moving the dead and half-dead parasites and their toxic waste products through your bowels quickly for elimination. **FiberUltra RICH PLANTAGO or PSYLLIUM** also contains hibiscus, licorice and cloves. This fibre traps dead and dying parasites and their toxins, then transports them out of the body quickly.

Acidophilus Ultra

AcidophilusUltra cleans the intestines and replenishes the gastrointestinal tract with 11 beneficial probiotics.
