Sterols & Sterolins

WITH ARABINO GALACTAN

The absorption of dietary cholesterol is a critical factor for the maintenance of healthy cholesterol levels. New Roots Herbal's **Sterols & Sterolins with Arabinogalactan** populates the intestines with naturally occurring, non-GMO, plant-sourced compounds that block the intestinal absorption of dietary cholesterol. Plant-sourced sterols and sterolins occupy absorption sites within the intestines, which in turn interferes with the accumulation of harmful cholesterol within the bloodstream.

Arabinogalactan amplifies the benefits of our formula as it serves as a prebiotic to fuel the growth of gut-friendly *Lactobacillus* species associated with better health.

Each vegetable capsule contains:

Free plant sterols (from non-GMO soy)..... 87.5 mg

Providing 35 mg of beta-sitosterol, 17.5 mg of campesterol, and 17.5 mg of stigmasterol

D-Galacto-L-arabinan (from *Larix laricina*)..... 275 mg

Other ingredients: Vegetable magnesium stearate, microcrystalline cellulose, and silicon dioxide in a non-GMO vegetable capsule composed of vegetable carbohydrate gum and purified water.

NPN 80082452 · V0229-R4

Directions of use:

Adults: Take 4 capsules three times daily with food or as directed by your health-care practitioner.

Manufactured under strict GMP (Good Manufacturing Practices).
